

Pre-Marriage Training Requirements

We at Evangel Temple are committed to the covenant of marriage. No other human relationship can approach the potential for intimacy and oneness that can be found within the context of marriage. Because we are committed to your success, we have developed a six-part pre-marriage training program for all those seeking to be married at ET or by one of its pastors. All couples wishing to be married at Evangel Temple must complete a pre-marriage training program.

All couples wishing to be married at Evangel Temple or by one of its pastors must first complete a Wedding Information Form. This form may be obtained from the church office or by visiting our web site at www.evangeltempleonline.com.

Once this form has been completed and returned to the Church office you will be contacted by one of the pastors. It is important that you understand that church facilities cannot be reserved until the Wedding Information Form has been completed and approval made to perform your wedding at ET.

Your engagement is just not a time of preparation for a wedding, but also preparation for a marriage. The goal of ET's Pre-Marriage Training Program is to help you make the most thorough, comprehensive and in-depth preparations possible.

If someone other than an Evangel Temple pastor is officiating your wedding, you must still complete a pre-marriage training program that includes: A Biblical Perspective of Marriage; Couple Communications/Conflict Resolution; Financial Planning and Budgeting; Couple Roles and Responsibility; and Intimacy. A signed letter from the individual providing this pre-marriage training needs to be provided to Evangel Temple.

Completing this training requires a commitment: A commitment to make it a priority and schedule the time required; a commitment to complete the work with integrity and honesty; and a commitment to seeing the process through. Your future marriage is worth your very best effort in pre-marriage training now.
